WILLIS COLLEGE

OF BUSINESS, HEALTH AND TECHNOLOGY

Over 110 Years of Career Training Excellence!

Since 1896, Willis College has been standing as an ongoing testament to the creativity, tenacity, and strength of Canadian private career colleges, earning a reputation for high standards and quality services.

We are a career-focused college specializing in the Business, Health, Information Technology, Clean Energy and degree completion programs with cooperative colleges and Universities in Canada and United States. The faculty of the college is comprised of Canadian principals, vice-principals, university and college professors, subject matter experts, and the best of the best licensed and certified teachers.

Headquartered in the Nation's Capital, with eleven campuses across Ontario, Willis College is an accredited college registered with the Ontario Ministry of Training, Colleges and Universities and government services. Willis College is recognized and approved by the global IT Industry certification providers, is affiliated with Canadian private and community colleges, universities and is also a proud member, partner/supporter of many national and international organizations including:

Willis' primary business is in skills/career training and education programs that are job specific and highly tuned to global job market demands. Over 110 years of public trust, our highly innovative co-operation with strategic partners in both the private and public sectors, and our alliances with leading national and international organizations ensure our integrity and accountability. Please visit our website and find out more about our locations, establishment, programs and services.

About Willis College

We are a 114 year old Canadian Private College with the latest and the best teaching techniques and systems in place. We have prepared thousands of people for the workforce including three generations of the same families to achieve their career goals and we are committed and poised to prepare the next generations of Canada's workforce to compete and succeed in today's global market place.

Selected Accomplishments:

- The only private college in the world to offer complete Clean Energy Project Analysis Certification
- The only private college in Ontario to offer diploma programs in Clean Energy Education
- First Canadian higher education institution to join IEEE education partnership program
- The only exemplary private college in Canada showcased by UNESCO/UNEVOC-Canada
- The only private college in Canada to partner with SHRC to deliver the ITP program in Canada
- The only North American IT College to deliver e-commerce 'train the trainers' program in Shanghai, China
- The first private college in Canada to deliver degree credits in articulation with the Canadian Universities
- The only private college to establish Canada's First National Aboriginal IT training initiative "TeKnoWave"
- The only college in Canada to establish "Five Pillars of Career & Community Development" model
- The only Canadian education institute chosen from over 1300 universities and colleges in North America to become a member of the Microsoft Education National Advisory Council
- The only college in Canada to facilitate sister city partnership between Smiths Falls, Canada and Xiang Fan City, Hubei Province, China
- The only private educational institution in Canada to provide a research paper entitled "Building a Canadian e- Learning Model," a private training perspective to Canada's national advisory committee for online learning
- The only private educational institution to deliver Lambton College programs at Willis College in Ottawa
